~Please Contact Rebecca for more details.

### Quote of the Month

*Keep away from people who belittle your ambitions.  
Small people always do that, but the really great  
make you feel that you, too, can become great."  
--Mark Twain*

Donna Lovell, Wetlands West, Inc., Bozeman, MT

### DBE STATUS

Prior to the award of the March contracts, DBE participation was 10.8%; however, post-award analysis revealed that DBE participation has now dropped to 7.75% (overall). Commitments from the March bid opening were 1.35%.

The Department is tracking separate Race Neutral and Race Conscious DBE participation levels. Total opportunity since October 1, 2002 is \$6,731,961 and currently the participation is broken down as:

Race Conscious Participation: \$1,038,846-1.49%  
Race Neutral Participation: \$4,554,786-6.53%

Please keep in mind that the FY 2002 DBE Goal is 8.2% (1.2% Race Conscious and 7.0% Race Neutral). According to the Regulations we must follow 49 CFR 26.51:

- (a) You (MDT) must meet the maximum feasible portion of your overall goal by using race-neutral means of facilitating DBE participation. Race – Neutral DBE participation includes any time a DBE wins a prime contract through customary competitive procurement procedures, is awarded a subcontract on a prime contract that does not carry a DBE goal, or even if there is a DBE goal, wins a subcontract from a prime contractor that did not consider its DBE status in making the award (e.g., a prime contractor that uses a strict low bid system to award subcontracts).
- (d) You must establish contract goals to meet any portion of your overall goal you do not project being able to meet using race-neutral means.
- (e) The following provisions apply to the use of contract goals:
  - (1) You may have use contract goals only on those DOT-assisted contracts that have subcontracting possibilities.
  - (2) You are not required to set a contract goal on every DOT-assisted contract. You are not required to set each contract goal at the same percentage level as the overall goal. The goal for a specific contract may be higher or lower than that percentage level of the overall goal, depending on such factors as the type of work involved, the location of the work, and the availability of DBEs for the work of the particular contract. However, over the period covered by your overall goal, you must set contract goals so that they will cumulatively result in meeting any portion of your overall goal you do not project being able to meet through the use of race-neutral means.

The trend noticed in March is very discouraging and if continued, the Department will be required by regulation to implement project specific (Race Conscious) goals as early as the June bid opening.

## LEARNING OPPORTUNITIES

**OSHA Compliance & Workplace Safety**, May 8, 2002, Holiday Inn, Helena, \$199.00, Event #1128358. An intensive one-day update on the latest OSHA rules and regulations, plus critical training on key safety issues for your organization. 800-258-7246 or [www.natsem.com](http://www.natsem.com)

## **OTHER MONTANA CONTRACTING OPPORTUNITIES**

IFB-R1-02-02-11, Response Date June 7, 2002. Construct 7910 linear feet of Jackleg-Pole fence for aspen and 1600 linear feet of Jackleg-Pole fences and one 2-acre (1624 linear foot) willow fence. Project consists of the construction of 19 separate Jackleg-Pole fences (notched construction) and one 2-acre willow fence within the Mussigbrod Fire area, approximately 20 miles from Wisdom, MT. There is road access to most of the sites with remaining access by pack trail. Work is estimated to begin July 1, 2002 with 365 days of performance period. Price Range is between \$100,000 and \$250,000. Interested companies shall submit written requests to Lisa Rakich, Beaverhead-Deerlodge National Forest, 420 Barrett Street, Dillon, MT 59725 or Fax requests to (406)683-3844. Requests may be emailed to: [lrakich@fs.fed.us](mailto:lrakich@fs.fed.us) or [kweidenbaugh@fs.fed.us](mailto:kweidenbaugh@fs.fed.us)

RFP-R1-02-02-17, Response Date Jul 17, 2002. The Bender Creek Bridge project consists of furnishing and installing a 27-foot span by 11-foot clear height treated timber single-lane bridge. Other work items include geocell, riprap and excavation. This bridge is located approximately 25 miles North West of Wisdom, MT. Work is estimated to begin on July 1, 2002 with 100 days performance period. Price Range is between \$25,000 and \$100,000. Interested companies shall submit written requests to Lisa Rakich, Beaverhead-Deerlodge National Forest, 420 Barrett Street, Dillon, MT 59725 or fax requests to (406)683-3844. Requests may be emailed to :[lrakich@fs.fed.us](mailto:lrakich@fs.fed.us) or [kweidenbaugh@fs.fed.us](mailto:kweidenbaugh@fs.fed.us)

RFP-R1-02-02, Response Date May 21, 2002. Multiple Award Task Order contract for trail reconstruction for the Beaverhead-Deerlodge National Forest, Montana. Project consists of an indefinite delivery/indefinite quantity contract for projects between \$25,000 and \$250,000. Period of performance is estimated from June 1, 2002 for 2 multi-year periods with 3 remaining option periods. First task order for evaluation under this RFP consists of Mill-Rock Trail Reconstruction, Trail 89 consisting of 6.4 kilometers long and consists of 1.1 kilometers of trail reconditioning and 5.3 kilometers of trail construction. Project is located on the Beaverhead-Deerlodge NF, Jefferson Ranger District, Madison County, Montana. RFP issued for full and open competition. Interested companies shall submit written requests to Karen Weidenbaugh, Beaverhead-Deerlodge NF, 420 Barrett Street, Dillon, MT 59725 or fax requests to (406)683-3844

RFQ-R1-08-02-20 Response Date June 17, 2002 This project includes the removal of an existing treated timber creosote bridge and fish passage and furnishing and installing a new single lane, approximately 40' long bridge on Chamberlain Creek. Contractor will bid on: wood, steel or concrete bridge. Award will be based on best value to the Government. The project will include minor clearing, excavation, removal and disposal of the existing bridge and fish passage structure, furnishing and installing a new bridge, including embankment placement, crushed gravel surfacing and other items associated with this type of work. Brenda Pretty Paint, Procurement Technician, Phone 406-657-6200 x216, Fax 406-657-6222, Email [bprettypaint@fs.fed.us](mailto:bprettypaint@fs.fed.us)

## **OTHER MONTANA CONTRACTING OPPORTUNITIES Continued**
